

# What is Assisted Living?

For many people, the term "Assisted Living" carries with it a few common misconceptions. Among the most common of them are:

**Assisted Living is something that is for Elderly Individuals only**

**FALSE** - While seniors do account for a large portion of Assisted Living consumers, they are not the only individuals who can benefit from the services offered.

In addition to our Senior Living Services, our Family of Communities provides Assisted Living options for individuals of all ages with Developmental, Physical, and/or Mental Disabilities .

**Assisted Living is the same thing as Convalescent/Nursing Homes**

**FALSE** - Convalescent/Nursing Homes are medical facilities with licensed medical professionals on staff.

Assisted Living Facilities are non-medical, and provide assistance with activities of daily living such as bathing, dressing, and toileting.

# "Providing Premium Quality Care at an Exceptional Value Since 1984"

## Welcome

**Bella Vista@Lincoln**, is the newest addition to the RobSag Inc. Family of Care Facilities.

RobSag Inc. has proudly served the Pasadena community for more than 25 years. We opened Bella Vista in 1984 because we saw a need within our own community to provide seniors with an option for quality care. Our residents are able to remain in their own familiar community and receive support and assistance with their daily living needs.

Since then the RobSag Inc. Family of Care Facilities has grown to include more than 15 locations, providing quality care to seniors, as well as individuals with disabilities.

### ICP Individual Care Plan

We work with each resident and their loved ones to develop a customized Care Plan that best meets their individual needs.

In addition to our regularly scheduled reassessments, we give each resident close daily attention to ensure that when their needs change, we'll be there for them.

So whether you need:

- Help getting out of bed
- Help at meal time
- Assistance with medication
- Help dressing and grooming

You can rest assured that the help will be there both now, and in the future should you need it.
